TECHNICAL CHARACTERISTICS
- Aluminium alloy construction
- Smooth operation
- High efficiency impeller
- Maintenance free
- Mountable in any position

OPTIONS
- Special voltages (IEC 38)
- Surface treatments

- For proper use, the blower should be equipped with inlet filter and safety valve; other accessories available on request.
- Ambient temperature from -15°C to +40°C.
- Specifications subject to change without notice.

(1) Noise measured at 1 m distance with inlet and outlet ports piped, in accordance to ISO 3744.
Curves refer to air at 20°C temperature and 1013 mbar (abs) atmospheric pressure measured at inlet port.

Values for flow, power consumption and temperature rise: +/-10% tolerance.

Data can change without prior notice.
